SEVENTY-FIFTH YEAR NO. 28 GRAYLING, MICHIGAN, THURSDAY, JULY 9, 1953 10 PAGES — PRINTED IN ONE SECTION — PRICE 7 CENTS

Death Takes Mrs. McNamara

During the past year a number of Crawford County's "favorite" people have passed away at what is considered now days at early ages. Among them was Mrs. C. J. (Marjorie) McNamara, who succumbed at Mercy Hospital on Monday, June 29th. She had been in failing health for eight months.

Mrs. Mac, as she was called by most people who knew her, was born in East Jordan, Mich., to M. A. and Anna LeMieux on June 17th, 1894. She attended school in East Jordan and following her graduation from high school she was employed as a secretary for two years in a law office and for five years in the East Jordan State Bank. She was married to Charles J. McNamara in East Jordan on 3rd, 1922. They resided in East Jordan about a year before coming to Grayling. Here they owned and operated the Mac and Gidley Drug Store, being associated with James Gidley of East Jordan in the Gidley and Mac Drug Store in that city. After an adjustment of partnership, this Grayling store became Mac's Drug Store. Mrs. Mac took part in and actively supported church, school and public matters generally. She was a member of St. Mary's Catholic Church and Altar Society, the Hospital Aid and Grayling Woman's Club. She took a deep interest in the lives of families of the community, which was pointed up by her close association to them in relation to her ownership and operation of Mac's Drug Store. sorrow came to her in 1941 when her son Charles died of injuries suffered in a plane crash. Mr. McNamara passed away in 1948. Both Mr. and Mrs. McNamara were a credit to the community and their kindnesses will long be remembered by many.

Surviving Mrs. McNamara is her son Larry F. at present in the service, stationed in California after serving in Korea; also surviving are two brothers, Lawrence C. LeMieux of Grayling and Leslie L. LeMieux of Flint. A Requiem High Mass was read for the deceased at St. Mary's Church at 10 a. m. on July 2nd. Rev. Fr. John A. Breitenstein officiated.

Grayling business places were closed during the hour of the funeral. Serving as pallbearers were A. J. Joseph, Dr. J. F. Cook, Harold N. MacNevin, Alfred Hanson, Lester O. Welch and Charles E. Moore. Interment was in Elmwood Cemetery.

Friends and relatives here from a distance to attend the rites were from East Jordan, Pinconning, Battle Creek, Flint and Gladwin.

TeenTime Club Activities Postponed Until Fall

It has been decided to interrupt the activities of the TEENTIME CLUB, the club for young people sponsored by Father John Breitenstein and Coach Allen, until after the rush of the Summer Season. This decision is based on the number of other activities available to the young people during the summer and the number of young people who work late Friday evenings, a fact that curtails the number of teenagers attending the parties.

Five parties were held in St. Mary's Hall for the High School age group. It is interesting to note that 110 Registration cards were distributed.

The Sponsors wish to express their appreciation for the cooperation they received from the youth taking part and their parents. The parties were well received and it is hoped they will be received with renewed enthusiasm upon their resumption in the Fall.

Grayling Wins 2 Ball Games

The Grayling Independents tucked two wins under their belt over the Fourth of July week end as they defeated Kalkaska Saturday in a non-league contest 5 to 3 and defeated Local 945 of Traverse City in a league game Sunday by a 12 to 4 count. Grayling's league standing is now .500 as they have won three and dropped a like number.

Saturday Grayling scored their 5 runs against Kalkaska on 6 hits and 6 Kasky errors while the Kalkaska total of 3 runs came on 4 hits and 5 Grayling errors. Bob Gildner was on the mound for Grayling with Derek McEvers behind the plate. Gildner struck out 8 and walked 2. Spencer, Kalkaska pitcher, struck out 9 and walked 5. R. Land started behind the plate and was relieved in the 6th by D. Land.

Bob Knutilla led the Grayling attack with 3 hits. B. Horning, B. Sadjak and McEvers turned in one hit each. Horning had a double. Grayling scored one run in the first and third innings, 2 in the fourth and one more in the seventh.

On Sunday they traveled to Traverse City to meet the Local 945 team. Dale Blumenschein was on the mound for Grayling with Anthony behind the plate. Blumenschein gave up 8 hits, struck out 8 and walked 4. Strait started for the host team with Ortiz taking over in the third. Grayling did the catching. Strait gave up 4 hits, struck out 2 and walked 3 in the two and a third innings that he worked. Ortiz gave up 10 hits, struck out 8 and walked 1.

Grayling jumped out to a 1 run lead in the opening inning and added 2 in the second, 3 in the third, 3 in the fifth, 2 in the sixth and 1 more in the eighth. Local 945 scored 1 in the fourth and sixth and added 2 in the ninth.

Ted Davenport and Elmer Horning had perfect days at the plate as Davenport got 4 for 4 and Horning 3 for 3. Millikin had 3 hits, B. Horning 2 and D. Worden and T. Anthony one each. B. Horning hit a triple, Millikin a pair of doubles and Davenport one double.

Grayling is host to Kalkaska to wind up the first half of league play on next Sunday, July 12. The game is slated to start at 2:30 p. m. at the City Park field and Grayling will be gunning for their fifth straight victory.

GRAYLING TV SHOW ON TONIGHT

A movie, made by Mori Neff of a canoe trip on the AuSable River from Grayling, as well as other attractions around the area, for his television show, "Michigan Outdoors" will be on the air tonight over WWJ-TV, Channel 4, from 10 to 10:30.

The television show should give Grayling a great deal of fine publicity. Mr. Neff was in Grayling again last week end to finish up the movie by taking pictures of other attractions in the area. Assisting him with the river scenes including a canoe race shot were Bernie Fowler and Don Feldhauser, two of Grayling's outstanding canoe race experts.

Six File For School Board

Early this week, six men had filed petitions to run for the two posts of the School Board of Grayling Township District No. 1. The annual school meeting has been set for 8 p. m., July 13, next Monday, at the Grayling High School.

Those who have filed to run for the Board are: Arthur Clough, Floyd Davis, LeRoy Millikin, Howard "Whitney" Madsen, Roy O. Milnes and Robert Phillips. The two positions up for election are currently held by Emil Giegling and Roy Milnes. Mr. Giegling who is the present president of the Board has indicated that he will not run for election. Mr. Milnes who is the secretary of the Board has filed to run, but said he might withdraw before the election.

The fact that six men filed to run for the two Board positions indicates that interest in Grayling School affairs have reached a high peak. It is expected that the annual meeting next Monday will draw the largest crowd that has attended the session in quite a number of years.

REPLACE 43 YEAR OLD STRUCTURE

A completely new modern fireproof 37-bed Grayling Mercy Hospital, to be built and equipped at a cost of about \$750,000.00 will be the purpose of a campaign to be started immediately. The goal of the fund raising drive, will be \$300,000.00. The balance of the needed amount will come from Hill-Burton funds which is a government grant of one-third of the total cost, in the amount of \$250,000.00. The Order of the Sisters of Mercy will supply an amount up to \$200,000.00.

A campaign executive committee which will function as a steering committee, will be organized immediately. With the formation of the campaign executive committee, the campaign organization program will be under-way. During the campaign, all communities served by the Mercy Hospital, as well as summer residents, will be included in the campaign organization. The Mercy Hospital serves all of Crawford County and a large part of Roscommon County, and parts of all other nearby counties.

The present Mercy Hospital building is a wooden structure built in 1910, and was originally designed as a 17-bed hospital. During the past forty years of service it has been necessary to put two beds in rooms designed for one bed and several beds in the larger rooms. In recent years it has been necessary at times to put beds in the halls, especially during the summer season. Due to the age of the structure it is entirely out-moded when compared to modern hospital standards.

The Mercy Hospital has been operated by the Sisters of Mercy since its beginning. Through the years, thousands of patients have been cared for and as many have expressed appreciation for the services given; it is hoped that many will give generously to the campaign. This will be the first major appeal made in behalf of the Mercy Hospital in its forty years of service.

The Superintendent of the Hospital is Sister Mary Stella, R.S.M. Members of the medical staff include Dr. C. R. Keyport, Dr. C. G. Clippert, Dr. B. E. Henig, Dr. L. F. Hayes, Dr. S. A. Stealy, all of Grayling, Dr. M. A. Martzowka of Roscommon, Dr. W. W. Kitt from Kalkaska, Dr. R. L. Libcke, Dr. R. C. Peckham and Dr. G. L. McKillop of Gaylord.

Those who have been active in the formation of plans for the new Hospital and the current drive for funds and who are expected to act on the overall planning board along with other local citizens and summer residents yet to be named are: Dr. C. R. Keyport, Father John Breitenstein, Sister Mary Stella, Mrs. George Griffiths, Mrs. Martha Smiggins, Fred Welsh Sr., T. P. Peterson, Fred Bear, Jack Millikin, Leland Marshall, Dr. B. E. Henig, Sister Mary Reginald, Dr. M. A. Martzowka, Roy Dewitt, Mrs. George Hilton, Fred Scheuer, Emil Giegling, Arthur Howse, M. J. Houthill, H. Potter, Dr. C. G. Clippert, George Griffiths, Walter Truettner, Russell Allen, John Alef, Harold MacNeven, Dr. L. F. Hayes, Leo Loveley, Roy Trudgeon, William Joseph, C. D. Frederic School Board Proud Of Record

Members of the Frederic School Board are rather proud of the record that has been made in their school since 1942 when the outlook for the institution was quite bleak.

In 1942 the Frederic school had retrogressed from a 12 grade high school to eight grades with only 4 teachers employed. At this time there were debts of \$20,000 from a bond issue of 1923 and all the funds on hand at the time were \$68.39.

During the next 9 years the bond issue was paid off and the bonds burned. The school has once more increased to a 12 grade full high school employing 8 teachers. One new classroom has been built and new garage and shop room added and the entire school building improved with the addition of modern equipment. The school grounds have also been greatly improved. The close of the 1953 school year showed funds on hand totaled \$20,494.11.

Board members feel this splendid record was made from handling the school funds and problems in a business-like manner. During these years the Frederic School Board has been headed by its president, Arthur Howse.

The Only Way

The Sixteenth Amendment to the Constitution which became effective in 1913 and gave the federal government the power to lay a direct tax on the income of the people, was the seed from which the socialistic welfare state idea grew in this country. Actually, not one of us has a constitutional right remaining to one penny of our income.

The unlimited power to tax the incomes of the people reversed the basic concept of government on which our Republic was founded. It made government master of the people, rather than their servant.

Most of us, still startled by the tremendous chunks of our income that went to pay federal taxes last year, begin to agree with the idea that the only way to prevent confiscatory taxation is to now limit, by Constitutional Amendment, the income taxing power of government. This is the only way we can hope to preserve representative government and a free economy.

Relief will never come from tax collectors but only through changes forced by taxpayers.

Incentive Best

In a national letter writing contest conducted by a manufacturing company on the subject "How I Can Benefit From Free Competitive Enterprise," replies were received from every state and Alaska and Hawaii. The winner was Carolyn Heintz.

She said, "There isn't any miracle about our power to produce; it's just that our system of incentives and rewards is a better spur than force."

Production results from individual opportunity, free from repressive government.

Marion, Ill. Weekly Leader: "The great principle of democracy can be applied to the religious field. Respect for one's neighbors, whether or not he agrees with your strict beliefs, is an American principle too often abused."

Check Your
Speed Now

Sheriff John A. Papendick today announced that the Crawford County Sheriff's Department has joined forces with the State Safety Commission in conducting a two-month intensive accident prevention program aimed at reducing traffic mishaps caused by excessive speed.

According to Sheriff Papendick almost half of the fatal accidents are traceable to speeding — over the speed limit — driving too fast for conditions. For this reason law enforcement agencies throughout the state are giving special attention to all types of speed violations.

In commenting on speeding as the number one killer the Sheriff said, "Speed is the thing that gets you into trouble faster than your brakes and steering wheel can get you out. When the traffic emergency develops you simply can't stop or dodge in time."

Fosters are being displayed throughout the state advising motorists to Check Your Speed. These official words of warning will serve as a continual reminder that traffic officials are determined to hold the line against the rising death curve — up 20 per cent during the first four months of this year.

In conclusion Sheriff Papendick called upon all motorists to co-operate with the police. "Giving you a ticket for speeding is a lot more pleasant for him than calling an ambulance," the Sheriff added.

Celebrate Silver Anniversary

June 27th was the silver wedding anniversary date of Mr. and Mrs. Oscar Goss, and some of their family decided something should be done about it and so a surprise celebration was planned for the 28th. It indeed was a genuine surprise for Mrs. Goss, however, Mr. Goss had to be told in order that it would be such, and so insisted that she should go for a ride after dinner, and lo, when they returned there was a houseful of guests. The party was an open house between 2 and 5 o'clock and was planned by their daughter, Phyllis, daughter-in-law Mrs. Leslie Goss and sister-in-law, Mrs. Richard Lovely. Garden flowers were arranged in every room and the buffet table was centered with an oblong all white two tiered anniversary cake decorated with a cluster of wedding bells and silver bells and silver candy beads with "25th" and a miniature bride and groom in front of it. Guarding it all were silver bells with white tapers. Mrs. Eugene Papendick, Mrs. Veronica Nuenendorf and Mrs. Edward Behrman took turns at pouring.

Mr. and Mrs. Goss, the latter who was formerly Claribell Lovely were married in Grayling June 27, 1928 by Rev. J. L. Culligan of St. Mary's Church. The members of their bridal party were all present on the 25th anniversary. They were Richard Lovely, best man; Mrs. Behrman, bridesmaid; and Mrs. Veronica Nuenendorf, the latter who was flower girl.

Mr. and Mrs. Edwin Behrman the latter who is Mr. Goss' sister of Bay City and Mrs. Nuenendorf of Midland were present for out of town.

There were hosts of friends who called to wish them many more happy anniversaries, and they were recipients of many gifts of silver and greetings.

The only convertible
that outsells Ford!

WHAT IS IT that makes Ford's Sunliner America's best seller? Is it its high-compression V-8 power? (No other convertible in Ford's field has this kind of engine.) Is it the fine craftsmanship of its Crestmark Body? (No body in its field can match Ford's choice of exterior and interior color combinations.) Is it its new spring and shock absorber action which makes even roughest roads feel smooth? (The Sunliner's springs are tailored to its

weight.) Is it the choice of Fordomatic, Overdrive or Conventional you get? (You won't find such a choice in any other car in Ford's field.)

No, it's not just any one of these things that make Ford America's largest-selling convertible. It's all 41 of Ford's "Worth More" features... features which folks know make Ford worth more when they buy it, worth more when they sell it.

Word received here from Mrs. Ella Hanson Wilcox who is touring Europe with her daughter, Nancy, told of meeting two old friends, Marian Woodfield and Madeline Baker in a hotel in Luzerne, Switzerland where both parties were staying. Rep. Emil Peltz Explains New State Business Receipts Tax

Michigan's financial structure was sound until the Sales Tax Diversion Amendment was forced on the Legislature by the People in 1947. The people had back in the 1930's passed the 15-mill tax limitation to protect their homes against heavy real estate taxes thus putting a straightjacket on local governments which meant they couldn't raise enough money to meet their operating costs as goods and salaries became more expensive. Since adoption of the Diversion Amendment, 78 per cent of all State Revenue has been paid

back to local units of government in one form or another. Since then each year, the State has been operating in the red.

A new tax was inevitable. The 1953 Legislature went into session determined to balance the budget. This, the Legislature did.

The new tax is a business receipts tax. It imposes a 4-mill tax upon the adjusted business receipts of all types of business. In imposing it, the Legislature made a serious attempt to spread the cost of State Government over all of the State.

The new tax has been clouded by political misinformation. Attempts by the Governor and some of the large metropolitan newspapers to misinform the small merchants of the State for selfish and political reasons have led them into a state of complete misunderstanding and confusion. Nothing that they have said against the tax is true.

Charges have been made that the tax bill was written by "big business" so they could place the burden on the "little fellow." Such was not the case. It was common knowledge among the large manufacturers in the State that a bill would be passed and they would have to pay. They expressed their willingness to do so asking only that they be given a chance to be heard. It was only fair that the Legislature

should permit them to be heard and it was for that reason that the tax experts of the large manufacturers were called in for a round-table hearing. The present tax law which takes effect July 1 was the result.

I cannot understand the position of the large newspapers except that it is common practice for them to "blast" the Legislature. It seems to me the kind of reading the public enjoys. I can advance no other excuse for them.

The Governor's position is more easily understood. When he talks to labor, he says it is a good tax, but when he talks to businessmen, he says it is not a good tax. He would have you believe that this is another tax on the "little fellow" whom he pretends to defend. He knows better, but it is good politics for him to out in the open the grounds that it was not his idea. What he does not tell you is that he could have vetoed it by a veto which he did not choose to do. Had he vetoed it, that would have been the death blow since there were not enough votes in the House to override his veto. It was therefore entirely in his hands. He now says that it is the sole responsibility of the Republican Legislature. That would have been the case also in a tax of his choice. Only the Legislature passes the laws, not the Governor. He chooses to take credit for same and pass the blame on the Legislature for others. But the final decision rests with him, and in this case he chose to let it become law without his signature. He likes it, but does not want you to know it.

You, of course, are solely interested in how this tax will apply to you and the other businesses in your town. The Legislature thought of that too. Most of us will not have to pay any of it. Those who will come under the law will pay very little.

Here is how it works. If your total receipts are less than \$20,000 per year, forget about it. You will not be required to make a return. If your receipts are over \$20,000 you will be required to make a quarterly return. Most of you will have enough deductions to eliminate you from paying any tax. In this case, we have been assured by the Revenue Department, that you will, after it has been established over a period of time that you are tax exempt, no longer be required to make a return if no tax is due. We have been assured that the Revenue Department will keep it as simple as possible.

You can deduct from your gross sales a flat 50 per cent of your cost of goods and most other expenses of doing business, whichever is the largest.

Let's take the case of the corner grocery store. His gross business, for example is \$100,000. Assuming that he does business on a 17 per cent markup, he can deduct the cost his goods, freight, taxes, heat and light, insurance, power, sales tax, interest, rent, fixtures, supplies and materials. If this totaled \$86,000, he would have adjusted receipts amounting to \$13,000. From this he then deducts his statutory exemption of \$10,000, leaving him a taxable balance of \$3,000. The tax in his case would amount to \$12 or \$3.00 per quart. The same merchant doing a business of \$75,000, with the same percentage of markup and expenditures, would pay no tax at all.

On the other hand, the large wholesaler in the city doing a 6 million dollar a year business would only have a statutory exemption of \$10,000 and would therefore pay a much higher tax. Contrary to what has been said by the Press and by the Governor, the tax as imposed, is designed to protect small business and place a much heavier burden on big business.

It is the sincere hope of the Legislature that the people of Michigan will permit a revision of the entire tax structure of Michigan so as to eliminate present waste of funds. With this hope in mind, an expiration date of March 15, 1955 was placed in this bill.

CANADA CALLS

Michigan's neighbor, Canada, and more specifically Ontario, is calling all fishermen at this season of the year. Some of us go for the "bush" country above the straits in a big way—and for good reason. Thousands of lakes are all but unexplored. Most of them are accessible only by air, and many more only by long portages with a canoe across the shoulders. But the area is so close to Michigan itself that more and more people venture across the border for a big adventure every year.

Eastern Lakes Popular

Only 66 miles east of Sault Ste. Marie on Canadian Highway 17 you'll find a typical wilderness lake to which you may easily and comfortably drive. On the maps it's called "Wakewiki," but the natives call it Big Basswood Lake. A very satisfactory lodge known as Melwe's is located on the east shore, and the lake itself is truly a thing of beauty. Tall birch trees mingled with pines line the shore. Precipitous rock cliffs emerge from the blue waters to tower hundreds of feet into the sky, reminders of vast glacial upheavals that swept the continent ages ago.

In this lake and scores of others around it, deep trolling brings up good sized lake trout known as "grays" in Ontario. The average goes around five pounds, although 15 to 20 pound specimens are not too rare. The limit of five per day

per person is often easily caught—and for eating, these fish are near the top for wonderful flavor.

From Big Basswood Lake a ten-minute drive gets you to the Mississagi River, tumbling thru picturesque rapids. Here casting for walleye Pike ranging up to 10 pounds is fine sport. Great North-erns are caught in the same water—and a northern in fast running water can put up a real scrap.

Brook Trout Grow Fat

During the past ten years many of the lakes—particularly the small, deep ones, have been planted with brook trout. They've grown fat and big as the years go by—and a single week end recently gave us a chance to film the taking of a 5-pound brook trout—an event that is definitely in the "once-in-a-lifetime" class!

The best of these brook trout lakes are too small for aircraft, and have no roads reaching them. That probably accounts for the good fishing. Only access is by portage, but there are plenty of guides available who know the trails and who know how to pack a canoe into the toughest bush. If you're interested in this country write to the Department of Lands and Forests at Ontario for general information or for specific dope on the area just described address Weldon Moore, Thessalon, Ontario. A visit will convince you that our northern neighbor is worthy of consideration to all who love Michigan Outdoors!

Mort Neff's "Michigan Outdoors" television show can be seen every Thursday over WWJ-TV, Channel 4, in a thrilling full half-hour show—10:00 till 10:30 p.m. DON'T MISS IT!

FORMER RESIDENT PASSED AWAY

Following close on the passing of her husband, Mrs. Carl Sorenson received the sad word last week of the death of her brother, William Fischer at Houston, Texas, that occurred on June 29th. "Bill" as he was familiarly known to his Grayling friends left Grayling some 35 years ago and came back once during that time, which was in 1934, when the Fischer family held a family reunion here. Born in Grayling, he was 62 years old, and his parents were the late William and Marie Fischer. He attended the Grayling schools and at one time operated a vulcanizing shop back of the Peterson Laundry.

When Mr. and Mrs. Sorenson spent last winter in Texas Mrs. Sorenson said his one wish was to return to Grayling and enjoy some real fishing again. He had been in ill health for a long time until his health failed him he followed fancy iron construction work, having worked in California for several years before moving to Houston some 13 years ago. While here in Michigan he installed the clock on the N. Y. C. depot building in Detroit and did similar work in California. In Houston he owned and took care of a store building.

Surviving the deceased is his widow, who is also critically ill in a hospital in Houston, two

daughters, Mrs. Robert Taylor and Mrs. Charles Miller of Kent, Ohio, and four sisters, Mrs. A. R. Engler of Houston, Mrs. George McPeak of Compton, Calif., Mrs. Irving Hodge of Trinidad, Calif., and Mrs. Carl Sorenson of Grayling. "Bill" has many friends in Grayling, who are sorry to hear of his demise.

The speaker for next Sunday is the Rev. Mr. Glenn A. Crumley of Royal Oak, Mich. Recently ap-

pointed to an African mission field by Berlan Mission, Inc., Mr. and Mrs. Crumley and their three children expect to leave in September for a year of study in Belgium before proceeding to their station in Belgian Congo.
